>> PRICE INCREASES <<

Section	Product Line	Approximate Increase	Effective Date
300	Ceramic Blanket	7%	January 1st
800	Saver Systems	2-21%	January 1st
800	Rutland	TBD %	January 1st

>> NEW PRODUCT INTRODUCTION <<

We are excited to bring in Skamolex firebox replacement panels! Skamolex offers customized lining solutions for fireplaces and stoves - up to 2012°F. These panels can be cut to size with any wood working tools. Cutting replacement panels on site reduces sizing errors dramatically. Look for Skamolex in the 800 Section on January 1st.

Important Web Site Notice

We have moved our products page behind our dealer login. This means that you will need a login to access the online catalog. To get a login, please contact Chad Buchanan in Marketing at chadb@aes4home.com and he will get you set up.

If you already have a login, the inventory check will still be accessible. When you log in you will be directed to a home page that lets you go to the inventory check or the online catalog.

Thanks,

~The AES Team~
